Dulok Wavetop™

Generated on 11.01.2019

Detailed description

The Wavetop system is ideal for use where architecture is important, often adding that extra decorative effect to complete an already attractive layout. In addition this system offers an excellent level of safety and security particularly when use in play and amenity areas.

Features:

- No visible fixings - minimal risk of vandalism.
- Fast and simple installation.
- Full range of RAL colours available.

Applications:

- Playgrounds.
- Recreational grounds.
- Parks.
- Housing developments.
